### MARGIN PROTECTION PLAN DISCLAIMER

By signing below, I certify that I understand and agree to the following.

- The Margin Protection Plan of Insurance does not cover a loss of actual production on your acres. It is an area plan that is based upon the yields of a county or grouping of counties to determine the Expected County Yield and Final of counties to determine the Expected area Yield used to calculate any losses, based on data from the practices and areas designated in the Actuarial Information Browser for your county for the crop year. It is possible for you to have low crop production on the acreage you county for the crop year. It is possible for you to have low crop production on the acreage you insure and still not receive an indemnity.
- Electing the Margin Protection Plan of Insurance that attaches to the base policy restricts some of the choices I may make:
  - I must transfer my base policy to the same AIP as my Margin Protection Plan policy by the Margin Protection Plan policy sales closing date.
  - I may not transfer my base policy after the Margin Protection Plan sales closing date.
  - I may not elect any additional coverage or endorsement on my base policy that duplicates all or a portion of my coverage range under the Margin Protection Plan policy (e.g., Supplemental Coverage Option, Enhanced Coverage Option, Hurricane Insurance Protection-Wind Index, etc.).
- By signing this form, I understand any additional coverage or endorsement on my base policy that duplicates all or a portion of my coverage under the Margin Protection Plan Policy, will be cancelled.

### Dry Bean Revenue Insurance Disclaimer

By signing below, I certify that I understand and agree to the following.

- If a projected price cannot be determined, a projected price shall be established in accordance with Section 7(e) of the Dry Bean Revenue Endorsement. The price volatility will be set to zero; thus, the premium rate will be the rate that applies to yield protection under the Dry Bean Crop Provisions.
- If a harvest price cannot be determined, but a projected price was established in accordance with the Dry Bean Revenue Endorsement, the harvest price shall be established in accordance with Section 7(e) of the Dry Bean Revenue Endorsement. The harvest price will equal the projected price; consequently, the coverage will effectively become yield-based coverage. Should this situation occur, there will be no adjustment to the premium due.
